Amazing time with amazing people...

At the end of April we had visitors from Wales, a wonderful couple, Sandra and Paul Carter . They came to see our work in Ukraine, in Rivne and Orzhiv . Sandra has been teaching Zhanna different sewing techniques for 3 years already. This was a

wonderful time, full of blessings from our Lord. Our apartment turned to a sewing workshop for a couple of days. Sandra and Zhanna were teaching the girls from Orzhiv how to sew*. Sandra and Paul also visited our youth groups in Rivne and Orzhiv, sharing with us the inspiring stories of their lives with Jesus. We are very grateful to God for the Carters family . On the last day we went to Lviv with Tania and Bogdana to take our guests to the airport. It was the first time in Lviv for these girls and we could see the happiness in their eyes. Seeing these joy and excitement in their eyes reminded us that God is doing great things in our lives, He sees our hidden dreams and helps us to live them out.

* Zhanna and the girls are going to sew different things they've learned and sell them, then we want to use these money for summer camps. We want our youth to realize that they can earn the needed money for summer projects by themselves.

Our other meetings in Orzhiv

Visit friends from the Czech Republic and Night youth meeting

Our dear friends, big changes in our family forced us to move to a new apartment, now we are going to live without Zhanna's dad, on our own. Our new apartment is similar to the old one, we have two rooms, and we are very happy about that. So why did we moved out? On the one hand, we needed more space for our youth group meetings and on the other, soon there are going to be more of us. Zhanna is 12 weeks pregnant!!!!!! :) Praise God for His miracles! We waited for this moment for a long time. Please pray for Zhanna's pregnancy, that everything would be good.
